

Santyana

Sailing down the river from Liverpool

Heave away Santayana

Around Cape Horn to Frisco Bay

All across the plains of Mexico

Heave her up and away we'll go

Heave away Santayana

Heave her up and away we'll go

All across the plains of Mexico

Santyana was a good old man

Till he went to war with Uncle Sam

All his men were brave and true

Every soldier brave and true

Santyana made his name

Santayana gained his name

General Taylor gained the day

Santayana's gone away

Santayna's dead and gone

And all the fightin has bin done

When I leave this ship I'm gonna settle down

Marry a girl called Sally Brown
