

Noah's Ark Shanty

There were three ships in Frisco Bay (To me)

Way, hey, hey, Oh!

There were three ships in Frisco Bay

A long time ago

And one of them ships was Noah's old ark (To me)

All covered all over in hickory bark

Well the animals came in two by two (To me)

The elephant, rhino and kangaroo

The bull and the cow they started to row (To me)

Yes the bull and the cow they started to row

Noah said stop yer rowin' as he cracked on his whip (To me)

Noah said stop this rowin' or I'll scuttle the ship

Well the bull put his horn through the side of the ark (To me)

And the little black dog he started to bark

Old Noah grabbed the old dog, shoved his nose in the hole (To me)

That's why dogs' noses have always been cold

It's a long, long time and a very long time (To me)

It's a long, long time and a very long time!
