

Sailor's Farewell Hymn

It's our time to go now
Haul away your anchor - haul your anchor
'Tis our sailing time

Get some sail upon her
Haul away your halyards - Haul away your hanyards
'Tis our sailing time

Get her on her course now
Haul away your fore sheet - haul away your fore sheet
'Tis our sailing time

Waves are breaking under
Haul away down channel - haul away down channel
On the evening tide

When my time is over
Haul away for heaven - haul away for heaven
God be by my side

It's our time to go now
Haul away your anchor - haul away your anchor
'Tis our sailing time
