

Haul Away boys Haul away

Oh! Haul away for the windy weather boys

Haul away, boys, Haul away

Oh Haul away and pull together boys

Haul away, boys, Haul away

Oh! Haul away and let's get going boys

Oh! Haul away for the merchants money boys

Oh Haul away like jolly young sailor boys

Oh Haul away an roll her over boys

Oh! God made the bees and the bees made the honey boys

And God sent the food but the devil sent the cooks boys

Oh! God made man and man made money boys

But the devil sent the woman for to rob us of our money boys

Soon we'll see our bright-eyed women boys

Oh! Haul an shake her as she rolls boys

Haul away for finer weather boys

Oh! Haul away for the better weather boys
